Re: Update regarding the release of CM/ECF effective October 16, 2006

In ten days (October 16, 2006), the new release of CM/ECF (version 3.1) will be live in the District of Utah. The Court has been busy preparing training aids, computer-based training (CBT's) and other reference material to assist attorneys and their support staff with the requirements and enhancements included in version 3.1.

Several CBT modules are posted at the Court's website (www.utb.uscourts.gov), which include case opening changes (Bankruptcy/Adversary), adding creditors/common creditors to a case. Other CBT's include claims register changes and a new docket activity report, as well as a new *Case Upload* CBT. External users and their support staff are encouraged to review the CBT's as soon as possible.

External users and support staff are invited to login to the Court's training database to test software and events. Any user who does not have a training database login can contact Michelle Bugni at 801-524-6639 or Jared Johnson at 801-524-6592.

The Court will present a demonstration of CM/ECF Version 3.1 prior to the Bankruptcy Lawyers' Forum on October 11, 2006, from 2:45-3:45pm at the Frank E. Moss Courthouse in courtroom 376 (350 South Main Street, SLC). Attorneys attending the presentation will receive one-hour CLE credit. Space will be limited, so if you do not plan to attend please send one member of your support staff. The Court may conduct additional in-house support staff training if requested.

Please check the Court's website for the most current information and training materials. If you have questions regarding the content of the BAPCPA statistical requirements, please contact me at 801-524-6565 or if you have technical or implementation questions call Brenda Dowler at 801-524-6635. Questions regarding training should call the Help Desk at 801-450-3443 or Michelle Bugni at 801-524-6639.
